Lorie

Below is my SOW for this initial IAG:

I. Provide Site Security Services to include the following:

A. One unarmed individual posted on Zeitler Rd.
adjacent to the site entrance during daylight hours;

B. Individual to maintain a written log of all site
visitors

C. Individual to notify USACE PM of all visitors
via phone comms., if PM is not available, than individual
to notify EPA OSC at 443.223.9774;

D. Individual to notify police if site access is not
granted by either PM or OSC;

E. Hours of security to be daylight hours, seven
days/week;

F. Assume POP to be 2 mos.

II. Provide Site Work Plan (USACE and Contractor) to
include:

A. General Approach to DMM removal

B. Onsite treatment/demil proposed ops

C. Proposed personnel and equipment needs

D. Proposed schedule for initiation and
completion

F. Close out ops to include site prove out plan

G. Plan to assume original 55 acre site and not
to include geophysical survey extending beyond;

III. Provide Contractor/USACE generated HASP

A. HASP to govern contractor activity and to
include USACE, EPA and START personnel as oversight
personnel

B. HASP to be completed and approved prior to
field intrusive activities.

C. Refer to existing site HASP in development of
this document

4143-223-9774

\$ 10,000 for sec.

\$ 10,000 for paperwork

Sincerely,
Charles E. Fitzsimmons, CHMM

Talked to JR Wright this afternoon. He's in the field today but will be in tomorrow morning. He thinks there may be an existing IAG we could borrow from to get things rolling. Will you be able to get the SOW to me for the initial work you wanted to get done by tomorrow, or just an idea of how much money you'll need?

We'll also discuss setting up the IAG for the actual removal action.

Do you want to sit in via phone tomorrow morning?
